

New science technicians training cluster

Email: science@cleapss.org.uk

Tel: 01895 251496

This programme is designed for science technicians who are new to their role. They may be new to the equipment and activities found in school science departments and/or may not have a background in science.

It comprises of the following three CLEAPSS introductory courses run over consecutive days:

Day 1 - [Health & safety for Science Technicians](#)

Day 2 - [Introduction to supporting Biology & Chemistry teaching](#)

Day 3 - [Introduction to supporting Physics teaching](#)

The first day will raise awareness of safety issues in school practical science, current H&S legislation and the responsibilities it places on the employer and employee. There will be a particular focus on risk assessment for technician activities.

The second and third days are practically based and focus on developing participants' confidence in setting up and using apparatus typically used during science practical work.

The sessions will show how CLEAPSS' resources can be used to help support science teaching safely and effectively. For full details of each day see the flyers for each individual course.

Participants will either attend all three courses **or choose** *Health and safety for Science Technicians followed by one of Introduction to supporting Biology & Chemistry teaching or Introduction to supporting Physics teaching.*

The cluster is for CLEAPSS MEMBERS ONLY

Cluster Information – Summer 2023

Location: CLEAPSS, Chesham, Buckinghamshire, HP5 2PX

Times: Start 9am: Finish 4pm (approx.)

Dates:

Cost: £150 per day

10/7/22 Health and safety for science technicians

11/7/22 Introduction to supporting biology and chemistry teaching

12/7/22 Introduction to supporting physics teaching

New science technicians training cluster

Summer 2023 – Booking form

You can enroll for two or three courses – however one of these courses MUST be Health & Safety for Science Technicians. Please return this form to courses@cleapss.org.uk

| Date | Course | I wish to attend this course |
|---------|---|------------------------------|
| 10/7/22 | Health and safety for science technicians | X |
| 11/7/22 | Introduction to supporting biology and chemistry teaching | |
| 12/7/22 | Introduction to supporting physics teaching | |
